STATE OF KANSAS,
Ford county,
I, B. F. MARTIN, Treasurer of Ford county, Kansas, do hereby certify the foregoing statement to be true and correct, to the best of my knowledge and belief. So help me God.

B. F. MARTIN,
Treasurer Ford county,
Sworn and subscribed to before me at Dodge City, Kansas, this 24th day of July, A. D. 1900.
S. P. McNEIL,
County Clerk.

Any advertised dealer is authorized to guarantee Banner Salve, for tetter, eczema, piles, sprains, cuts, scalds, burns, ulcers and any open or old sore.

RAILROAD NEWS.

—Chain gang business has been good for several days.

—Conductor T. B. Sullivan is completing a nice and comfortable home.

—Business has been very good on the western division for the past 10 days.

—C. F. Helm has taken a 60 day lay off and will put in the time visiting at Marion, Ind.

—Conductor Joe Dillard has gone to work relieving extra conductor Weber, who was out in his place.

—Conductor Jacob Slickerman is laying off for a few days. John B. Hockley is running his car.

—No. 6 was delayed Tuesday for several hours owing to a washout at Rocky Ford.

—Supt. R. J. Parker and Trainmaster J. W. Dean were in the city last Friday on official business.

—One or two more soldier trains are expected this week. 500 marines enroute to China will compose the party.

—J. P. Fengel, agent for the Rock Island, says the rain of Monday evening extended as far east as Herington on the Rock Island line.

—J. P. Fengel, while at the telegraphic instrument, Monday evening, received a lightning shock which threw him violently against the door of the room. He was stunned, and felt the effect of the shock the next day.

—The railroads have taken up the war on the cigarette, the Rock Island road and the Burlington now prohibiting smoking on the ground that the habit renders employees unfit for duty, as well as giving offense to passengers.

—Stewart Sutton has sent to the Locomotive Engineering, New York, a picture of engine 255, Jerry Shaw, engineer, which conveyed the Peacock special, (on its famous run, a few months ago, from California to Pittsburgh) from La Junta to Dodge City, a distance of 202 miles in 202 minutes. The picture will probably be issued in the Engineering this week.

—It is officially announced through the passenger department of the Rock Island road, that its new branch line running from Chickasha westward to Granite, is completed and ready for business. This new line is 88 miles long and is built through the heart of the Washita valley. This located, the line through out nearly its entire length, lies within the Kiowa, Comanche and Apache reservation. Already several towns are located on this new branch, the chief ones being Anadarko, Mountain View, Kiowa and Granite, which is at present the terminus of the road and is situated just across the line in Geer county, Oklahoma.

Much interest is being manifested, especially in the west over the Kiowa, Comanche and Apache reservation being opened up for settlement. Much has been written about this new land and the papers generally both east and west, have contained many write-ups, concerning the resources and its value both as an agricultural and mining district. Probably nowhere in the Indian Territories, is there such a valuable tract of land as is this Kiowa, Comanche and Apache reservation, and it is the last of the large tracts of land to be opened up for settlement. It contains upwards of two million acres, which will be thrown open to the public, as soon as the President issues his proclamation to that effect.

A word about this new land might be interesting. At least 90 per cent of the land is rich agricultural land, which will make as fine farms as can be found anywhere in the west. The Wichita mountains are included within the limits of the reservation. Gold, silver and copper have been found in these hills and it is said by experienced miners that great riches are there. Timber and creek bottoms are plentiful. Natural gas has been discovered at Granite, and petroleum oil is a certainty. Coal has been found, and many prospectors are already on the ground. The town of Granite already gives promise of being one of the chief towns of that country. It is growing daily with remarkable rapidity. It is surrounded by mountains, shady groves and running brooks. The Rock Island will run a low rate popular excursion to Granite on Sunday, August 5. At this time exhibitions will be given of the natural gas burning and visits will be made to the gas wells to witness the wonderful flow, pronounced by experts to be the richest surface flow of natural gas ever discovered in America.

Why should you allow your system to become the hot bed of diseases which you do when you allow yourself to become constipated, constipation is the primary cause of a great many fatal diseases and can be effectually cured in a few weeks, "cured to stay cured," by taking a treatment of Galtin's Anti-Bilious Compound. It never fails to give quick relief and the cure is certain. Large boxes 25 cents at all drug stores.

Queens ware and crockery, good and cheap, at the old INDIANA GROCERY.

GATHERED HERE AND THERE.

—W. Tarbox returned from Texas this morning.

—It is conceded that the rain helped the feed crops.

—J. L. Pettijohn is looking after his cattle at Liberal.

—Prof E. D. Webb and family have returned from a visit to Missouri.

—M. W. Sutton and T. A. Seates returned yesterday from Meade.

—Mrs. A. Wrighten and children will not leave for the east until next Tuesday.

—Jos. Worker, who was in the city Tuesday, says only a light rain fell in his neighborhood.

—Mrs. A. McLeod and son Arnold have returned from Wisconsin, much improved in health.

—The Catholic social at G. W. Reighard's yesterday was a fine affair and largely attended.

—W. S. Amos and wife are expected home in a few days. They are visiting friends at Ottawa.

—Mrs. Dr. Pettijohn and children, of Indianapolis, Ind., are visiting the family of L. J. Pettijohn.

—Lightning put out the arc light on the street and burned out the telephone wires in Coons' store Monday night.

—Master Harold Rippe and sister Miss Helen Rippe, left Tuesday, on a visit to friends in Larned, for a short time.

—Rev. Wm. Westwood will hold prayer meeting at his house this evening and invites all members of his church to be present.

—On account of the show the band street concert will be Friday evening instead of Saturday evening. The boys are making fine music.

—T. J. Tate has gone to La Junta, where he will do roof painting with his partner Mr. Schrader. They will do work at Las Animas.

—G. A. Wall, a Hutchinson miller, was here several days, with a view of purchasing the Gunn & Ballard flour mill, but he has abandoned the purchase.

—Miss Helen Sizelove writes to her father that she has recovered from her recent severe illness, and is again doing deaconess work in Chicago.

—Roy Martin will receive a car load of watermelons about the first of the week. We look for the luscious fruit to be quickly disposed of.

—G. B. Hadfield, who was unpleasantly located in some church affairs in Colorado, was here this week, on his return from Great Bend to Colorado.

—Rev. Wm. Westwood and family returned yesterday morning. No services will be held in the Presbyterian church next Sunday. The church building will be ready for holding services Sunday, August 5th.

—Claude Ellis and mother and family left this morning for western Texas, where they will live on a ranch. Miss Edith Ellis will remain with them until the school opens in Kansas City.

—J. C. Baird is assisting G. W. Watson, agent, in appraising the lands belonging to the Kansas Investment Company. There are two other appraisers. They are going through the different counties in which the land is located.

—The lightning killed three yearling heifers on the farm of Ed Brown, Monday evening. The yearlings belonged to Dr. Crumline, and were fine animals. It is said that the heads of the yearlings were fastened in the wire fence when hit by lightning.

—E. H. Anawalt, father of Mrs. D. McCormick, left yesterday for his home in Wichita. Mrs. Anawalt, accompanied by Miss Clara Bowen, a teacher in the Wichita School, arrived yesterday from Colorado, and will visit Rev. D. McCormick and family.

—A. E. Bobbitt arrived here Tuesday in company with Sheriff Hale, who had arrested Bobbitt in Oklahoma, on a warrant sworn by a Mr. Early, charging Bobbitt with selling a horse which belonged to Early. The accused was arraigned before Judge Preston and a preliminary trial will be had on Tuesday, on the return of County Attorney Oyler.

—Two young men, graduates of the Kirksville college of Osteopathy, have opened an office in the Park Hotel, where they invite people who wish their treatment. Osteopathy is a new science in physical healing, and in many states it is recognized by law. Treatment is given without knife or medicine. Drs. Garrett & Pratt have a card in this issue of the paper.

COMMISSIONERS' PROCEEDINGS.

Adjourned Meeting of the County Commissioners.

Board of County Commissioners met pursuant to adjournment, July 25, 1900, at 9 a.m. Present, full Board.

On motion A. L. Guthrie was allowed a reduction in valuation of \$75 for year 1899 on south 10 feet of lot 1, block 47, Dodge City. On motion county treasurer was authorized to accept \$1750 for all tax due on:

Board met as per adjournment.

Full Board present.

The following bills were presented, and on motion allowed:

J. W. Hicks, bailiff.....\$ 6 00

W. J. Fitzgerald, supplies..... 57 50

N. J. Smith, supplies..... 5 20

Imel & Swinehart, supplies..... 4 05

Quality

Never experiment with so important an article as the human food

It is the high quality of Royal Baking Powder that has established its great and world-wide reputation. Every housewife knows she can rely upon it; that it makes the bread and biscuit more delicious and wholesome—always the finest that can be baked.

It is economy and every way better to use the Royal, whose work is always certain, never experimental.

There are many imitation baking powders, made from alum. They may cost less per pound, but their use is at the cost of health.

ROYAL BAKING POWDER CO., 100 WILLIAM ST., NEW YORK.

EAST END NOTES.

From the Spearville News, July 20.

—John Hall reports the best yield of wheat so far. He had ten acres which made 93 bushels per acre, machine measure. This will equal 35 bushels per acre by weight. Test 62 or 63 lb.

—The Santa Fe surveyors were here the first of the week locating grade stakes for the immediate building of an additional 1,300 feet of side track. This is made necessary by the increasing business.

—L. K. Van Horne has arrived from Dodge and is engaged in repairing the Ford mill. He intends putting it in first-class repair and will run a full force of men, commencing about Aug. 1st.

—Spearville claims the distinction of shipping the biggest and best car of wheat that was ever loaded out of western Kansas. The car went forward Wednesday morning to Kansas City and contained 1,500 bushels of wheat that tested 62 lb to the bushel. This was one of the Santa Fe's large new cars and was loaded to its full capacity. Each side of the car bore a banner on which was the following: "This car contains 1,500 bushels of wheat, 62 lb Test. Loaded by H. W. Dorsett, Spearville, Ford County, Kansas."

The List of Wounded who have been healed by Banner Salve is very large. It heals all wounds or sores and leaves no scar. Take no substitute. W. S. Amos.

Galtin's Anti-Bilious Compound will cure habitual constipation and all kindred diseases, pleasant to take and very effective in results. Large boxes 25 cents, at all drug stores. For sale by all druggists.

An Observation Car to Colorado.

The only Pullman observation sleeping-car line between Kansas City and Colorado Springs is operated via Santa Fe Route. Cars leave Dodge City daily at 9:30 p.m., and Colorado Springs daily at 10:40 p.m. They have large windows and roomy and comfortable rattan chairs easily moved about. The rear platform, guarded by railing and gates, may be occupied when desired. Unsurpassed for viewing the country traversed. Current magazines and stationery provided for use of Pullman passengers. Descriptive pamphlet free if you apply to FRED GARDNER, Agent, Dodge City, Kansas.

Cured Bronchial Trouble.

Chas. E. Davis, 1071 W. Congress St., Chicago, says: "I suffered for years with bronchial trouble and tried many kinds of medicines without relief, until I began taking Foley's Honey and Tar, which cured me." W. S. Amos.

Wheat was a fraction higher yesterday.

Jerry Simpson's senatorial boom was knocked out at Fort Scott.

Governor Stanley will speak in Dodge City, Wednesday night, August 1. The Governor is a fine speaker, and entertains his audience.

Ex-President Cleveland told his Democratic friends not to put up a third ticket. If they cannot support McKinley, he says, they should refrain from voting.

President McKinley will mediate in the Chinese difficulties if China will do certain things. The latest report is that ministers are yet safe, but they are in great danger. The city of Peking is without government except by Chinese soldiers who are determined to massacre all foreigners. Relief is looked for soon.

The Democrats and Populists at Fort Scott are having a hot time. The following nominations have been made: Governor—John W. Breidenbach. Associate Justice—David Martin. Treasurer—Canway Marshall. Attorney General—Hugh Farrelly. Secretary of State—J. B. Goshorn. Superintendent of Insurance—Webb McNeil.

Yet to nominate by Populists—Congressman-at-large, state auditor, lieutenant governor and superintendent of public instruction.

Many women suffer all sorts of so-called "female weaknesses" just because their kidneys are out of order and they have a right to know Foley's Kidney Cure is just what is needed by most ailing women. W. S. Amos.

—An extra west left Newton last night which was said to be the largest train ever sent out of the city. It consisted of 109 cars, three engines and a way car. 2463 tons of freight is the record on the register.—Newton Kansan.

The blood is strained and purified by the kidneys. No hope of health while the kidneys are wrong. Foley's Kidney Cure will make healthy kidneys and pure blood. W. S. Amos.

I think it is high time the people were giving their attention to the scalp bounty in these border counties. Two hundred and fifty coyote scalps a quarter, looks crooked. Not that thick certain.—Clark County Clipper.

Cured Bronchial Trouble.
